English, Greek

RECOMMENDATIONS

Brendan Hickling

1/7/16, 5:04 AM

Associate, SAWA Associates for water management and water governance

Pantazis designed and built my companies website. Working with him was very easy, we had a lot of ideas about what we wanted and we were very satisfied with how he was able to respond to them in the design. He also had a lot of good ideas of his own so overall we are very happy with the result. We will definitely be coming back to Pantazis in the future for help with developing the company's online presence.
